Memo

The amalgamation of the municipal and L.-T. Branches in the Dy Comrs offices having been sanctioned in Procs 6982-90 / L.T 3-97 dated 6th December 1898, the Comptroller enquired of the Dy Comr of Mysore as to the number of clerks to be employed on municipal work with a view to fix the contribution payable by the municipalities on account of this pension. As it would be inconvenient to draw a line in the work of the clerks employed in the Local Boards' Branch and as the cost of establishment was ordered in para 3 of the above Proceedings to be apportioned with

(Sl 30)

Mysore Precedents' No 629 Dy 16-1-99 (Sl 35).

with reference to the expenditure incurred from the District and Municipal funds, the President proposed to debit the cost of the establishment as recently revised to Municipal Estates and and D. T. Boards in the proportions of 1/3 and 2/3 respectively, irrespective of the number of clerks employed exclusively either in Municipal or District Fund work and to fix the contribution payable on account of them in accordance with it.

2. A copy of the above letter having been forwarded to the Comptroller for favor of his opinion on the question raised by the President, the Comptroller proposes to fix the following proportions tentatively

2

reference to the present incomes of the Municipal and District Funds.

	Municipal Funds	District Funds
1 Bangalore 2 Kolar 3. Tumkur 4 Hassan 5. Shimoga 6. French Rocks.	1/3	2/3.
7. Chitteldroog 8. Kadur	1/2	1/2
9. Mysore - -	1/4	3/4

He adds that the same proportion may be adopted in the adjustment of the cost of his office and the Devans office establishments, instead of the present mode of adjustment at the end of each year in proportion to the actual income of that year.

(3) It is submitted that in para 3 of the Govt Pro etc to 6982-90 / C.J 3-97 dated 6th December 1898,

the cost of establishments was ordered to be ascertained with reference to the expenditure incurred from Distt and Municipal funds and not with reference to the income as proposed by the Comptroller

Submitted to Secretary

(4) In accordance with the above orders, copies of the above communications from the Presidents Mysore District Comptroller having been forwarded to the several Presidents of the L. F. Boards for information

of their opinion regarding contribution payable from the municipal and District Funds towards the maintenance of the L. F. establishments recently sanctioned the Presidents except Chikmagalur Circle of the several Boards agree with the Comptroller's suggestion to fix contributions as noted below

		Municipal	D. Funds
1	Bangalore	1/3	2/3
2	Kolar	1/3	2/3
3	Tumkur	1/3	2/3
4	French Rocks Sub Div	1/3	2/3
5	Hassan	1/3	2/3
6	Shimoga	1/3	2/3
7	Kadur	1/2	1/2
8	Chitaldrug	1/2	1/2

(5) The President of the D. F. Board states that out of the total income under D. F. of Rs 74000 or not less than 47000 is annually

set apart for D I works executed by D. P. W and supervision charges; and that if this sum be left out of account in calculating the proportionate charges debitable to Municipal and District Funds, the municipal income of the District proper is about 1/3 of the total income. He therefore sees no reason to modify his opinion already expressed and recommends the adoption of the proportion of 1/3 to municipal and 2/3 to District Funds.

(6) May the Presidents' proposal be sanctioned and the proportion of 1/3 and 2/3 to municipal and District funds ~~hereby~~ be fixed for the ensuing triennium. If this be done, the fixed contributions will be 1/3 municipal and 2/3 District funds for all L. I. Circles except ~~except~~ in Kadur and Chitaldrug, ~~Dist~~ where the charges will be equally debited to both the funds, ~~the~~ each

4

After the issue of orders on the above point, the Comptroller, it is submitted may be asked to submit a separate statement shewing the contributions payable by each municipal and D. F. Board towards the cost of the amalgamated L. F. establishments maintained in the Presidents' offices during the year, in regard to the correct proportions being made in the several L. F. Budgets for the year.

To

The Secretary to the Government of Mysore,

SIR,

I have the honor to state that the Municipalities to the Government of Mysore in his Circular No. 749 dated 29th December 1898 wants me to state the number of clerks to be employed in municipal work with a view to fix the commission payable by the municipalities on account of Municipal Funds. Since the Local Fund and Municipal Branches are amalgamated by Government order No. 6782-90 dated 6th December 1898, it would be difficult to state exactly the number of clerks employed in municipal work. L.F. 3-97

I beg to draw a line in the cash book of the municipalities and to debit the salaries of the clerks employed in municipal work to the head of municipal funds. The amount thus debited may be

the District Fund Budget for 1898-99 is Rupees 74,113 and that in the Municipal Budget is ~~Rs~~ 21,751. The income under District Funds exceeds by three times that under Municipal Funds. According to the revised scale the minimum cost of the establishment is ~~Rs~~ 152 and the maximum is ~~Rs~~ 182. The mean between the two is ~~Rs~~ 167. Considering the income under the two funds and the expenditure to be incurred, I would propose to debit $\frac{1}{3}^{rd}$ of the cost of establishment to the municipal Funds and $\frac{2}{3}^{rds}$ to the District Funds irrespective of the number of clerks employed exclusively either in municipal or District Fund work and to fix the contribution payable on account of their pension in accordance with it. In the same manner the cost of the stationery articles and contingency may be divided between the two Departments. I request you will be kind enough to place the matter

Sir,

With reference to G.O.
No: 10287-95 / R.F. 3-97 of the 4th October
and in continuation of my letter
No: 629 of the 1st January 1899
proposing to debit one-third of the
cost of establishment of the Local
Boards branch of this office to
Municipal Funds and two-thirds
to District Funds I have the honor
to state that out of the total income
of Rs 74,120 in District Funds, nearly
Rs 40,000 is annually set apart
for District Funds works executed
by the P. W. Department. This
amount includes the establish-
-ment charges at 17½ per cent on
account of supervision and
therefore the whole sum of 40000 Rs/
may be left out of account in

in calculating the proportionate charges debitable to the District and Municipal Funds, for the establishment attached to the different offices. The balance Rs 34,000 is available for works to be carried out by the Revenue Dept. and for civil charges. It has already been stated that the annual income of the Municipalities in the District Proper amounts to about Rs 22,000 or slightly more than one-third of the total income under Municipal and District Funds exclusive of the amount annually placed at the disposal of D.P.W. Thus the proposal already submitted in my last letter would appear more reasonable. Otherwise the District Fund Board would have to bear a high proportion of the cost if the Comptroller's proposal is adopted. In these circumstances, I see no reason to modify my opinion as already expressed in my letter under reference.

have the honor to state that in concurring with the opinion expressed by the Presidents of the Local Boards, Mysore District on the inconvenience of attempting to draw any line of demarcation in the work of the clerks employed in either of the branches namely District Funds or Municipal, which also seems to be agreed to by the Comptroller I would as suggested by the Comptroller propose to debit so far as this District is concerned, One third ($\frac{1}{3}$) of the cost of Establishment to Municipal Funds and $\frac{2}{3}$ to the District Funds which may be fixed tentatively for 5 years.

2 ——— The practice which has been obtaining at present in this District is to debit $\frac{1}{2}$ to District Funds and $\frac{1}{2}$ to Municipal Funds.

Funds, but taking into consideration the receipts of the two Boards in this District for the three years as specified in the margin, I should consider it proper to fix the Municipal and District Fund contributions at $\frac{1}{3}$ and $\frac{2}{3}$ respectively wholly independent of the number of clerks employed exclusively either in Municipal or District Fund work.
